

Replace your Wells-Gardner 6100 or Amplifone 19" vector display with any LCD or CRT monitor!

The **VectorVGA Tempest** converter is the *first and only* solution for converting an analog vector signal to raster SVGA.

Installation is easy and requires no modifications to the game's wiring harness, PCB or cabinet!

\$179⁹⁹

Compatible with:

- ◆ Atari Tempest
- ◆ Atari Space Duel
- ◆ Atari Gravitator
- ◆ Atari Black Widow
- ◆ Atari Quantum
